Occurrence No. 641
 Place Saskatoon
 Date Feb 6 1969
 Time 8⁴⁰ ~~PM~~ PM

I first met Gail Millar about a month ago. This was on a night that there was a blizzard. This was a Saturday night because I didn't have to go to work the next day.

Gail Millar was brought to the party by Dwayne Longdo. On this occasion Dwayne Longdo had too much to drink and he gave Gail Millar a fuck. He was not really mad but he swears a lot when he is drinking. I was not there at the time this happened. I heard about it from Dwayne himself. He said nothing of what it was about. I believe he phoned Gail Millar and apologized for his actions.

The people at this party were Byron Odgaard, Lynn & Linda from upstairs 1308 Temperance also Pat from 1308 Temperance

I am not sure who all was there as I had been out & came home about 1 Am.

When I took Gail Millar home on January 30 1969. I would arrive around 1:30 am. She had asked to go home. When I was parked in my car in front of 150 Avenue D So there was about a 1963 or 1964 Pontiac Parisienne across the street heading South. There was one male occupant in this car. The car was reddish brown on the bottom and a light color top. The light color top was not snow or frost. The left rear was quite badly damaged. The damage would be on the whole quarter panel.

The man in it I would say was about 5'10" tall 160 pound. Dark hair combed back in a duck tail. This person kept look toward us while parked and looked away when I looked toward him. I never said anything to Gail about this car, she said

nothing about it. I have only
seen Les Spence at the funeral.
I couldn't say if it was him in this
car or not. I did not see anyone
at the funeral that I recognized as
the person in this car. I don't think
I would know this person if I
saw him again.

I have never had intercourse
with Gail Miller at any time. I
do not know of anyone who ever did
have intercourse with her. I do not
think Gail Miller was the type of
a girl a man could have intercourse
with unless possibly they were engaged
to her.

I ~~heard~~ spoke with a person about
21 years old this morning in the Otto's
Inn, Sutherland Hotel. This persons
~~last~~ last name is Elliott.
He works night shift at the Deep
Feed mill. He said his cousin
used to go with Gail Miller. He didn't

After this I phoned my girl friend Evelyn Dfest. 807 Avenue "D" No.

On Saturday Feb 1, I spoke to Don Lane, Superintendent at Mac Gosham's for time off because of this incident. I asked for a week off and it was granted. I gave my car a 1965 Plymouth, Dark Red color to Evelyn Dfest and took the Regina Bus which leaves at 1400.

I returned to Saskatoon on Sunday night as police had requested that I return for the beginning of the week. I returned to work at Mac Gosham's on Monday morning.

I did not know any of Gail Millar's friends except Linda Markward & Betty Skundt.
