On Jan 30/69 I was at home all day with the flu. Forrest and Brian were there with me. I left the house at 5:30p.m. I went and picked up Evelyn Olfert who works for Russ McQuarrie and drove her home to 807 Ave. I. No. I stayed there until 8:00 p.m. and went to the Liquor Store on 22nd st. I then went back to 1308 Temperance St. at 8:30 p.m. I sent Brian & Forrest to pick up Gail Miller at 130 - Ave. O. The key tab and the comb were marked for identification purposes. At approx. 5:00 P.M. Feb. 1/69, the set of keys in question were turned over to Det. Sgt. Mackie for further investigation and the comb in question was placed in my locker #D12. It is understood the keys in question were found to have belonged to the deceased, Gail Miller, and were for doors at her residence, 130 - Ave. O. So. Ident Officer Hean was to take measurements of the points where these items were found.

From 10:25 A.M. to 10:45 A.M. Feb. 1/69 I received a witness statement from one Charles Joseph "Chuck" Carriere, 22 Yrs. of 214 - Ave. O. South who reported observing a man walking east on the north side of 21st. Street at Ave. O. as well as a sports type auto parked on the west side of the 100 Blk. Ave. O. South with its lights on and motor running at approximately 5:15 A.M. Jan. 31/69, as he was walking from his home to the Wayfair Service at Ave. P. and 22nd. Street.

Mr. Carriere was also questioned about his brother Jerry Carriere and he advised that Jerry was home on the night of Jan. 30/31/69, that he watched the late television movie that night and his shoes were in the house when Chuck Carrier left the house about 5:10 A.M. Jan. 31/69. He indicated his brother would not have been in any way involved and would have no information of significance to offer.

at Swift Current, Sask. WENDY's last name is unknown and her address also. In the letters to Les and Wendy, it would appear that Gail MILLER was having problems with Les SPENCE and was attempting to break off relations with him. She was being unable to convince him that she wanted to break up.

Also in the room was a bill from a Dr. DUGGELBY, 102 Medical Bldg., 217-3rd Ave., which was not seized. Inquiries were made at Dr. DUGGELBY's office and it was learned from the office that Gail MILLER had attended at the Emergency ward of the Hospital complaining of dizziness and headaches and was attended by Dr. DUGGELBY. A check was also made of the room for a pareing knife but none was found and a knife which was very similar to the one which was (the blade of which) found at the scene of this crime, was brought to the Police Stn. along with a calander pad which lists dates with names and probably birthdays and also indications of breaking up with Les SPENCE and going with Les SPENCE during the year 1968.

Nick CANTON, Zack CANTON, and Hugo TENCZACA, 130 Ave. O. S., who live together in two rooms, were interviewed separately without learning anything concerning the death of Gail Miller. The rooms occupied by these three men were searched with their assistance and permission. Nothing was located in the rooms to connect them with this offence and all seemed very sincere and were extremely co-operative.

Interviews were conducted at 1308 Temperance St. by N/Sgt. Oleksyn, Det. Karst and myself. Sigstad HOLLE is employed by the R.C.M.P. as a guard and gave a story which later verified a story given by Dennis ELLIOTT who returned home from Indian Head at 9:45 p.m., while we were present at the suite. Statements made by HOLLE were also consistant with those given by Betty HUNDT as to the people that attended. HOLLE, when questioned, thought that Gail MILLER was a very up-right sort of person and did not believe that she had ever had sex relations and never gave him any cause to believe that she was interested in any sex relations with anyone. HOLLE also stated that when ELLIOTT came home after having been away for about an hour from aprox. 1:20 to 2:20 or 2:30, that he had come home very jublient and that he made remarks about haveing kissed Gail MILLER good-night and also having made a date with her for Fri. night. Stated that the rest of the people at the apartment had continued drinking and that at about 4:30 a.m. ELLIOTT was in bed monitoring a phone call which had been made by Brian ODEGARD to some girl acquaintance of all of them who were present. This occurred at about 4:30 a.m., at which time ELLIOTT had gone to bed and was listening to an extension phone in his room. ELLIOTT had apparently got up between 10:00 and 11:00 at which time he woke HOLLE and Forest STUDER with whom Linda MARKWART had spent the night. This was a similar story to which ELLIOTT gave when he was interviewed on his arrival home. ELLIOTT also advised that he recalls that when he had taken MILLER home he recalled a 1963 or 64 Pontiac with redist bottom, light colored top, with considerable damage to left rear fender or quarter pannel. There was a lone occupant in this vehicle who watched them and when he looked towards this vehicle the man in

the vehicle looked away quickly. To his knowlege Gail was not aware of this vehicle. After he walked MILLER to the house at 130 Ave. O. S. this vehicle was still present and the operator watching him when he returned to his vehicle, and he felt that he was about 10' away from this person on the street when he returned to get into his vehicle. This Pontiac auto was parked on the west side of Ave. O. facing south across the street from 130 Ave. O. S. He described the male person in this vehicle as having dark hair, combed back, possibly about his own height and build of 150-160 lbs., about 5'10" tall. He stated that this person was not Les SPENCE as SPENCE was known to him.

All rooms in the basement at 1308 Temperance St. were searched but nothing was found to connect any person with any part of this murder. All the persons at 1308 Temperance St. were found to be co-operative with Police and most anxious to assist in any way they could in regards to this investigation.

=====

Approximately one week before Gail MILLER's murder I had met her at a party at my house on 1308 Temperance Street, Saskatoon. At that time Gail was with a fellow by the name of Dwaine or Dwight, I don't recall his last name. This fellow was a friend of Brian ODEGARD, who had a light housekeeping room in the basement. Dwaine/Dwight was a dirty blonde fellow, who was short and stocky. This party was actually the first time I met Gail. Approximately one week later I phoned her up and invited her to a party at our place again. I cannot recall exactly whether I picked her up or if she came to my place with others. Gail stayed at the party and I drove her home around 5 - 5:30 in the morning. I was driving a 1965 Plymouth Fury II, maroon. I gave a complete statement to police shortly after Gail's death. I can state that I did not have sexual contact with Gail MILLER and any seminal fluid or stains found on her clothing or near the scene of the crime are not mine. I walked her to the door on the Avenue O entrance to her residence. I made a date to pick her up at 8:00 pm that night. I kissed her goodnight then left. This was the only date that I ever had with Gail MILLER. If necessary, I am willing to provide a blood sample for whatever testing you believe necessary.
