Occurrence No. 641  
Place Lakatoon  
Date June 12 1969  
Time 3:10 ~~AM~~ PM

I am employed by Hill Crest Tobacco  
avenue P & 22 Street.

On January 31 1969 I was operating  
the tow truck. ~~At~~ Between 10 & 11  
in the morning I got a call to avenue  
D so near St. Mary school.

I picked up a 1958 Chev 4 door  
sedan, Blue & white color I think.

I don't recall the licence number.

I towed this vehicle to the service  
station. Four persons rode in the  
car. There were three guys & one girl.

They asked about what might be  
wrong. I saw there was a large  
quantity of transmission fluid around.

This oil indicated that the car  
had lost oil from avenue N along  
19 Street. The car was heading west  
& was stalled just west of the alley  
between avenue N & avenue D.

At the office the little guy left &  
after a short time the other started  
worrying as to whether he would come back.

There was something said about them going to try & find him. This was the person who seemed to have the money.

Someone of this group said they were going to Calgary, Edmonton or Vancouver. I don't recall which. At first I thought they might have been running away from home.

I think I would know all these persons if I saw them again.

Lyle Bentley worked at the Hill Crest Texaco at this time. He now works at Riverdale Texaco. He was present while this vehicle was in the garage.
