I reside on the road to Vanscoy which connects with Highway 60. I live at the corner of the two municipalities. The gravel road ends where Vanscoy municipality starts.

On January 31 of I was employed as a mechanic by Hillcrest Ferroc Avenue P.O. 22 Street.

About 11⁴⁵ AM a vehicle was brought in by our service truck. This vehicle was a 1958 Chev or Pontiac white with blue green bottom.

I had to wait till 1⁰⁰ PM to get parts from Bowmans to fix this vehicle.

A Press fitting to repair the oil cooling line which had been broken. I also adjusted the points & set the timing.

The bill for the work done was around \$20.⁰⁰. I have nothing to do with pricing.

it was up on the boat. There were two or three others out in the office playing a banjo or some instrument.

None of these persons acted unusual, except for one girl that was alone. It seemed to me that they were high possibly on Dope.

The two that were in the car I put out of the shop. After this one of them kept coming back bothering me wanting me to hurry up. He kept saying they had to go. He also indicated they were going to the coast.

I never heard any conversation which would indicate they had had any problems with anyone earlier in the morning.

This vehicle left the service station between 1:30pm & 2:00pm. They didn't have enough money to pay the bill & one of them had to go get some money to pay the bill.

One of these boys - the one that

kept bothering me, wore a Brown sort of car seat. It was badly ripped from under one arm down through the pocket. The other kids were fairly well dressed.

The girl wore purple bell bottom trousers with a black coat. Long dark hair. She looked real tired. She was not wearing anything on her hair.

I saw a picture on T.V. of the person arrested by police. I recognized this as one of the persons who had been in the shop and may have been one who was in the front office.

He was also one of the two who were in the car cleaning it out.

They said they were going to Vancouver. One of these persons indicated he had an Aunt in Vancouver.
