ASSIGNMENT ASSIGNED TO: Det. TIME DATE Feb. 1st /68

OTHER INVESTIGATION

On Feb. 1st, 1969 at 10:15 AM, I received a witness statement from Mary Alice MARCOUX residing at 104 Ave. N South, this girl is 11 years of age, born July 14th, 1957 and resides at the above residence with her parents David and Lois MARCOUX. In her statement briefly she advises that she had walked south in this west? lane in the 200 Blk. Ave. N South on her way to school at approx 8:30 AM and noticed the body of a woman lying in this lane in the snow face down on the east side of this lane and at this time she advises that she was alone and observed no one else in this lane at this time. After noticing this woman's body a few minutes later two HNATIUK youths came from the yard on their way to school and she advises she advised these two boys of what she had seen and apparently trailing behind these two boys were their other brothers and they all returned to the HNATIUK home where they notified Mrs. HNATIUK who apparently notified the Police Dept.

On instructions from Mrs. HNATIUK, Mary MARCOUX went to the suite above the Westwood Funeral Home to notify Mr. MURDOCK of this body in the lane. She advises that she waited at the corner of the building by the Funeral Home after advising Mrs. MURDOCK and that his assistant Terry, which would be Terry MICHAYLIUK came down and met her and she showed him where the body was and later Mr. MURDOCK also showed up. Mary MARCOUX advises that the assistant to Mr. MURDOCK which would be Mr. MICHAYLIUK spoke to this woman that was lying in the snow and also moved her a bit. This person then ran back to the Funeral Home and returned with the blanket and covered the body. She then returned on Mr. MURDOCK's suggestion to his suite to await the Police, which she did.

Mary MARCOUX advises that when she first saw this body it was lying face down in the snow with head tilted slightly to the west and she believes this woman to be wearing a green coat with a little bit of white fur around the neck and that this fur had some blood spots on it which appeared frozen. She said there was nothing on the feet except a bit of nylon and she believed the woman had brown hair. She also advises that when the assistant which would be Mr. MICHAYLIUK lifted up the body a bit she noticed blood around this woman's nose, mouth and neck.

I then called at 219 Ave. N South where I interviewed Matthew Mervin HNATIUK age 9 years, Born May 25th, 1959 in regards to this matter. Due to the age of this person and a witness statement was received from him. On some points he is not too clear except that when he went left the house to go to school with his younger brother aged 7, they left by the rear yard to the lane, where they noticed this MARCOUX girl walking in the lane and he advises that he started walking when he noticed the body and that they all returned to his residence and notified his mother. The only thing he can recall about this woman was that she was lying in the snow and was wearing a black coat. I also interviewed Phillip Paul HNATIUK, age 10 years, 219 Ave. N South regarding this matter but he had followed his other two brothers a few minutes after them and by the time he got to the rear yard by the garage which is by the lane in the 200 Blk. Ave. N South his brothers and this girl advised him about a body. He noticed something black laying in the snow and returned to his home with the other persons and notified their mother. No statement was received from Phillip HNATIUK.
