On Jan 25 1969 Saturday afternoon we went to a high school in Regina (Belfour Tech) and we met Betty Weeks in the school. The three of us went down town and then to the Cornwall house. This is a hippy house. Albert Cadrain and I were smoking Marijuana at this house. We (Cadrain and I) bought this Marijuana at Smitty Pancake house. We bought twenty dollars worth. when he left.

Cadrain and his friend left for Calgary so I was told I did not see Cadrain from the time he left my house on Jan 31 in the afternoon for about a month.

When I saw him he told me that he had a terrible experience on his trip to Calgary. He did not tell me what, but he said he of L.S.D. and Marijuana and even got a hair cut. He did not tell me any more.

I have known Cadrain for since Grade school and I have chummed with him for a year real close. I know he is strong and is quiet his mind is clear and when he is high on Marijuana. I am sure in
