Contacted MARSHINEW - knows Nicole very well. States he more or less looked after her during the SCC hearing. Has discussed the MILGARD affair at length with her. States that she is extremely afraid of MILGARD and at the first inkling he is around she will freak out.

Says MILGARD was at the dept on weekend - demanding for use phone.

Adv. that it may be advisable for him to approach Nicole and inform her of MILGARD's whereabouts. If she is concerned then she can run to the GIS for help.

Felt would be best to get out & interview her as soon as can.

I agreed. Stated would talk to Insp Sawatsky & get back to him
